Negative Declaration
Subdivision #2586
Northport Industrial Park
Assessor's Parcel No. 8-030-15 and 19

This application requests a tentative map for the subdivision of 46.97 acres into 31 industrial lots, average lot size varies from 0.85+ to 8.5+ acres, in West Sacramento. Subject property is located in the northwest corner of the intersection of West Capitol Avenue and Interstate 880. Subject property is located in an area designated by the proposed East Yolo General Plan for industrial usage and is zoned Heavy Industrial (M-2).

Because this subdivision involves impacts which normally would have significance, we asked the applicant to prepare a project report clarifying the available utilities and comments on the subject property which would mitigate the impacts. The following was stated in the project report:

"The subject parcel is a level, M-2 zoned parcel which has been farmed with very little success for many years. The site appears excellent for an industrial park as it is bordered on the east by high level Interstate 880, on the north by the Southern Pacific Railroad levee and on the west by West Capitol Speedway. As indicated above, the soil is very poor for agricultural purposes but, then property compacts, will be fine for industrial use."

I have discussed drainage with Mr. Al Walton, Secretary of Reclamation District No. 900. He assured me that drainage can be well handled through ditches on the west and north borders of the site.

Mr. Robert Brugge, of the West Sacramento Sanitary District, has supplied aeriels showing sewer location and size on West Capitol Avenue. District engineers and ours concur that there is more than sufficient capacity to serve our Park.

Page 2

Chief Frank Fehr of the Westgate Fire District has reviewed our tentative plans. He sees no problems providing we install water lines, fire hydrants, and streets widths in accord with their standards. This we intend to do.

Mr. Bill Lehman of Washington Water and Light Co. has also reviewed the tentative plans. He stated the Company can supply water of sufficient quantity and pressure to serve our industrial park.

After reviewing the initial assessment and project report, the staff determined a negative declaration was appropriate for the following reasons;

1. The proposed subdivision is consistent with General Plan designation and M-2 Zoning Regulations;
2. The appropriate utilities can serve this proposed project;
3. The proposal has good access to freeways.

DEPUTY

WHEREAS, Yolo County supports sound water development for the State of California when proper consideration is given to the impacts on the areas of development and the areas of use; and

WHEREAS, the Sacramento River and adjacent lands are known to have problems of erosion and seepage; and

WHEREAS, bank erosion and seepage can jeopardize agricultural production and the water supply to portions of Yolo County; and

WHEREAS, the Sacramento River and associated facilities provide major flood protection to lands and cities in the Sacramento Valley; and

WHEREAS, the Sacramento River, like the California Aqueduct, the Delta-Mendota Canal, or the proposed peripheral canal, is a major water conveyance feature for the State Water Project and the Central Valley Project but has no regular monitoring and maintenance program comparable to the respective projects' facilities; and

WHEREAS, major federal and state projects are at various stages of planning that depend on the Sacramento River for principal conveyance, however, none give proper consideration to monitoring and maintenance of this important feature; and

WHEREAS, the County of Yolo opposes the Cottonwood Creek Project, SB200, and any other project that provides additional water storage in the Sacramento River Basin and utilizes the Sacramento River for primary water conveyance until such time that:

2. Assurance is provided that the operational integrity of the Colusa Basin Drain will not be impaired;

NOW, THEREFORE, BE IT RESOLVED that the Yolo County Board of Supervisors does oppose the implementation of additional water storage projects that utilize the Sacramento River for primary conveyance of developed water supplies until the concerns expressed herein are appropriately addressed.

ASSESSMENT DISTRICT, YOLO COUNTY, CALIFORNIA

The Board of Supervisors of the County of Yolo resolves:

CSC INVESTORS, a general partnership and CAPITOL SPEEDWAY INVESTORS, a limited partnership ("the developer") is to undertake the construction of the following described public improvements:

The acquisition of street and utility improvements in Northport Industrial Park Phase I, County of Yolo, State of California, including grading, paving, curbs and gutters, sidewalks, storm drainage facilities, sanitary sewer pipes and appurtenances, a system of water distribution, underground electrical and telephone facilities, and all other necessary utilities and appurtenances.

The developer has proposed to this Board that the Board of Supervisors undertake special assessment proceedings to acquire these public improvements after their completion, the cost of the acquisition to be assessed on property of the developer benefiting from the improvements.

The Board of Supervisors accepts this proposal in principle, subject to the following conditions:

1. That the special assessment proceedings shall be taken under the Municipal Improvement Act of 1913, with improvement bonds to be issued under the Improvement Act of 1911;
2. That unit prices for the construction of the improvements to be acquired shall be submitted to the County Public Works Director in advance of construction for his review and approval, and that the approved unit prices shall be the maximum price to be applied in calculating the cost of acquisition of improvements;
3. That the described improvements shall be certified by the Public Works Director as complete and ready for acceptance before the

initiation of special assessment proceedings;

4. That the developer shall submit evidence satisfactory to this Board that the costs proposed to be assessed shall have been actually incurred and paid; and that the developer shall submit a conformed copy of the notice of completion and a title report, prior to confirmation of the assessment, as evidence that no stop notice had been filed within the period allowed by law.

This resolution shall in no way constitute a guarantee or assurance that the special assessment proceedings will be completed, the Board of Supervisors being without jurisdiction to assure the levy of special assessments until conducting a public hearing as required by the Municipal Improvement Act of 1913.

RESOLUTION ACCEPTING PETITION

Northport Industrial Park Phase I Assessment District

The Board of Supervisors of the County of Yolo resolves:

Certain owners of land have filed with the Clerk of this body a petition, signed by them, requesting the acquisition of improvements described in the petition, the cost to be specially assessed against land benefiting from the improvements. The petition contains an express waiver of statutory proceedings under the Special Assessment Investigation, Limitation and Majority Protest Act of 1931, as provided in Section 2804 of the Streets and Highways Code.

The Board of Supervisors finds that all of the owners of more than sixty percent (60%) in area of the land subject to assessment for the proposed improvement have signed the petition.

Accordingly, the Board of Supervisors accepts the petition and directs that special assessment proceedings shall be undertaken by the terms of the petition and without further compliance with the Special Assessment Investigation, Limitation and Majority Protest Act of 1931. This action is final within the meaning of Section 3012 of the Streets and Highways Code.

FARMERS HOME ADMINISTRATION

YOLO COUNTY AGREEMENT NO. 80-369

EQUAL OPPORTUNITY AGREEMENT

This agreement, dated October 13, 1980 between

THE COUNTY OF YOLO, CALIFORNIA

(herein called "Recipient" whether one or more) and the Farmers Home Administration, United States Department of Agriculture, pursuant to the rules and regulations of the Secretary of Labor (herein called the "Secretary") issued under the authority of Executive Order 11246, as amended, witnesseth:

In consideration of financial assistance (whether by a loan, grant, loan guaranty, or other form of financial assistance) made or to be made by the Farmers Home Administration to Recipient, Recipient hereby agrees, if the cash cost of construction work performed by Recipient or a construction contract financed with such financial assistance exceeds \$10,000--unless exempted by rules, regulations or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order 11246 of September 24, 1965.

1. To incorporate or cause to be incorporated into any contract for construction work, or modification thereof, subject to the relevant rules, regulations, and orders of the Secretary or of any prior authority that remain in effect, which is paid for in whole or in part with the aid of such financial assistance, the following "Equal Opportunity Clause":

During the performance of this contract, the contractor agrees as follows:

- (a) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex or national origin. Such action shall include, but not be limited, to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Farmers Home Administration setting forth the provisions of this nondiscrimination clause.
- (b) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex or national origin.
- (c) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the Farmers Home Administration, advising the said labor union or workers' representative of the contractor's commitments under this agreement as required pursuant to section 202(3)- of Executive Order 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- (d) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of all rules, regulations and relevant orders of the Secretary of Labor and of any prior authority which remain in effect.
- (e) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, rules, regulations, and orders, or pursuant thereto, and will permit access to his books, records, and accounts by the Farmers Home Administration, Office of Equal Opportunity, U. S. Department of Agriculture, and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
- (f) In the event of the contractor's noncompliance with the Equal Opportunity (Federally Assisted Construction) clause or with any of the said rules, regulations, or orders, this contract may be cancelled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government Contracts or Federally Assisted construction contracts in accordance with procedures authorized in Executive Order No. 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order No. 11246 of September 24, 1965, or by rule, regulation or order of the Secretary of Labor, or as provided by Law.
- (g) The contractor will include the provisions of this Equal Opportunity (Federally Assisted Construction) clause in every subcontract or purchase order, unless exempted by the rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order No. 11246 of September 24, 1965, so that such provisions will be binding upon each such subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the Farmers Home Administration may direct as a means of enforcing such provisions, including sanctions for noncompliance: Provided, however, that in the event the contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the Farmers Home Administration, the contractor may request the United States to enter into such litigation to protect the interest of the United States.

2. To be bound by the provisions of the Equal Opportunity Clause in construction work performed by Recipient and paid for in whole or in part with the aid of such financial assistance.

3. To notify all prospective contractors to file the required 'Compliance Statement', Form FHA 400-6, with their bids.

4. Form AD-425, Instructions to Contractors, will accompany the notice of award of the contract.
Bid conditions for all nonexempt Federal and Federally assisted construction contracts require inclusion of the appropriate "Hometown" or "Imposed" plan affirmative action and equal employment opportunity requirements. All bidders must comply with the bid conditions contained in the invitation to be considered responsible bidders and hence eligible for the award.

5. To assist and cooperate actively with the Farmers Home Administration and the Secretary in obtaining the compliance of contractors and subcontractors with the provisions of the Equal Opportunity Clause and the said rules, regulations, and orders, to obtain and furnish to the Farmers Home Administration and the Secretary, Form AD-560, Certification of Nonsegregated Facilities, to submit the Monthly Manpower Utilization Report, Optional Form 66, as required and such other information as they may require for the supervision of such compliance, and to otherwise assist the Farmers Home Administration in the discharge of its primary responsibility for securing compliance.

6. To refrain from entering into any contract, or extension or other modification of a contract, subject to such Executive Order with a contractor debarred from Government contracts or federally assisted construction contracts pursuant to Part II, Subpart D, of such Executive Order or to prior authority; and to carry out such sanctions and penalties for violation of the provisions of the Equal Opportunity Clause as may be imposed upon contractors and subcontractors by the Farmers Home Administration or the Secretary pursuant to such Subpart D.

7. That if Recipient fails or refuses to comply with these undertakings, the Farmers Home Administration may take any or all of the following actions: (a) cancel, terminate, or suspend said financial assistance in whole or in part; (b) refrain from extending any further assistance under the program involved until satisfactory assurance of future compliance has been received from Recipient; and (c) refer the case to the Office of Equal Opportunity, U. S. Department of Agriculture for appropriate action.

Witness the due execution hereof by Recipient on this, the date first above written.

RESOLUTION NO. 80-191

RESOLUTION CALLING HEARING ON INCREASED ASSESSMENTS

ASSESSMENT DISTRICT NO. 117,
BRYTE ASSESSMENT DISTRICT NO. 1

The Board of Supervisors of the County of Yolo resolves:

On July 15, 1980, the Board of Supervisors preliminarily approved the engineer's report for Assessment District No. 117, Bryte Assessment District No. 1, and caused notice of a hearing on the engineer's report to be given in the manner required by law. On September 2, 1980, the hearing was held. On October 16, 1980, construction bids were received and the best construction bid was higher than the estimate contained in the engineer's report.

As a result, and because of changes requested by certain property owners, the Director of Public Works has filed with this Board an amended engineer's report in which certain individual assessments are higher than the amounts on the original report.

The Board of Supervisors accepts the amended report without modification for the purpose of conducting a hearing on the report pursuant to Chapter 4.5 of the Municipal Improvement Act of 1913.

The Board of Supervisors sets 2:00 p.m. on January 6, 1981, in the Chambers of the Board of Supervisors at Room 207, Yolo County Courthouse, 725 Court Street, Woodland, California, as the time and place for hearing protests to the proposed increases.

The County Clerk shall publish and mail a copy of this resolution as required by Chapter 4.5 of the Municipal Improvement Act of 1913, and file an affidavit of compliance. Publication shall be in the WOODLAND DEMOCRAT.

ORIGINAL

The total estimated amount of the assessment has been changed to \$644,344.06.

For further particulars, interested persons may refer to the amended report, on file with the County Clerk. Inquiries about the protest proceedings will be answered by the Department of Public Works (attention Robert Doud), 292 West Beamer Street, Woodland, California; telephone (916)666-8428.

Any interested person may file a written protest with the County Clerk at 725 Court Street, Woodland, California, at or before the time set for the hearing. Each protest must contain a description of the property in which the signer is interested, sufficient to identify the property.

(Resolution Establishing and/or Enlarging
an Agricultural Preserve, Finding
Land to be Included in Contracts Not
to Lie within One Mile of City, and
Authorizing Execution of Land Use Contracts)

WHEREAS, it is the policy of the County of Yolo to maintain
its agricultural economy and prevent unnecessary and premature
conversion of land in agricultural use by utilizing the Califor-
nia Land Conservation Act of 1965; and

WHEREAS, the Board of Supervisors finds it can best achieve
the County's policy by establishing agricultural preserves and by
signing and becoming a party to Land Use Contracts as authorized
by said Act; and

WHEREAS, an application has been filed with the Planning
Department of the County of Yolo requesting to establish or
enlarge the Agricultural Preserve set forth in Attachment No. 1
attached hereto and incorporated by reference herein so as to
include the territory described in Exhibit "A" attached hereto
and incorporated by reference herein; and

WHEREAS, said application contains the matter required by
law and the procedural rules established by this Board of
Supervisors; and

WHEREAS, the Planning Department has filed with this Board
of Supervisors its report upon the application as to the
conformance with the Yolo County General Plan and as to the
satisfaction of the conditions for establishment or enlargement
of an agricultural preserve; and

1 WHEREAS, the Planning Commission has held a public hearing
2 upon the application after giving notice in the manner required
3 by the procedural rules established by this Board; and

4 WHEREAS, at the conclusion of the hearing, the Planning
5 Commission, by resolution, made its recommendation upon the
6 application; and

7 WHEREAS, the Planning Commission resolution has been filed
8 with the Clerk of this Board and the Clerk of this Board has
9 given notice in the manner required by law, and the procedural
10 rules adopted by this Board; and

11 WHEREAS, at the time and place set forth in the said notice
12 a public hearing was held by this Board of Supervisors; and

13 WHEREAS, the owners of real property set forth in said
14 Exhibit "A" have offered to enter into Land Use Contracts of even
15 date with this Resolution and making reference hereto, as
16 authorized by said Conservation Act, which Contracts impose
17 enforceable restrictions on the therein described real property
18 which is located in said Agricultural Preserve and known as the
19 Assessor's Parcels as set forth in said Exhibit "A"; and

20 WHEREAS, the Board of Supervisors has heard and considered
21 discussion on the restrictions, terms and conditions of the
22 Contracts; and

23 WHEREAS, in the judgment of this Board of Supervisors, it
24 is in the interest of the County of Yolo to do so.

25 NOW, THEREFORE, BE IT RESOLVED, ORDERED, AND FOUND by the
26 Board of Supervisors of the County of Yolo as follows:

1. Each of the foregoing recitals is true and correct.
2. The action taken by this Resolution is in conformance with the Yolo County General Plan.
3. The agricultural preserve which includes the territory described in said Exhibit "A" consists of no less than 160 acres.
4. The territory described in said Exhibit "A"
 - (a) is designated for agricultural use in the Yolo County General Plan;
 - (b) does not include any parcel less than twenty (20) acres in area;
 - (c) is predominantly Class I, II, or III soils, or satisfies the purpose of the agricultural preserve in the following ways:
 - (1) tends to maintain the agricultural economy; and
 - (2) tends to prevent premature or unnecessary conversion from agriculture; and
 - (3) tends to assist in the preservation of prime lands; and
 - (4) to preserve lands with public value as open space.
5. Said Agricultural Preserves are hereby declared established or enlarged to include the territory described in said Exhibit "A", for the purpose of defining the boundaries of those areas within which the County of Yolo is willing to enter into land use contracts pursuant to the Land Conservation Act of 1965.
6. A map of such agricultural preserves is attached hereto

1 marked Exhibit "B" and which is incorporated by this reference
2 herein.

3 7. The terms and conditions upon which the County of Yolo is
4 willing to enter into land use contracts are as follows:

5 FIRST: DECLARATION. This Land Use Contract is made and
6 entered into pursuant to California Land Conservation Act of 1965
7 as amended (Chapter 7 of Part 1 of Division 1 of Title 5 of the
8 Government Code of California commencing with Section 51200),
9 hereinafter referred to as "the Act", including Article 3 of said
10 Act entitled "Contracts" and is subject to all of the provisions
11 thereof pertaining to contracts. It is the intent of the parties
12 that the restrictions imposed upon the subject property by this
13 Contract shall constitute those which may be imposed upon
14 property by Contract under the aforementioned Act. The execution
15 and recordation of this Contract shall in no way restrict COUNTY
16 or OWNER from utilizing or benefiting from future conservation or
17 agricultural legislation enacted by the California Legislature.
18 Should COUNTY agree to any provision in any other Contract under
19 the Land Conservation Act which provision is not included herein
20 and OWNER requests the inclusion of such provision in this
21 Contract, such provision shall be deemed added to this Contract
22 upon written request of OWNER to COUNTY and any other provision
23 hereof inconsistent with said provision shall be deemed to be of
24 no force and effect to the extent of such inconsistency.

25 SECOND: RESTRICTIONS. During the term of this Contract and
26 any and all renewals thereof, the subject property shall not be

1 used for any purpose other than agricultural use and the uses
2 determined by COUNTY pursuant to Government Code Sections 51231
3 or 51238 or by the Land Conservation Act of 1965 as amended to be
4 compatible with the agricultural use of land within this preserve
5 and subject to contract. No structures shall be erected upon
6 subject property except such structures as may be directly
7 related to authorized uses of the land. The parties, through
8 appropriate action by COUNTY'S Board of Supervisors in accordance
9 with the Act and its rules adopted thereunder, and written
10 consent of OWNER, may from time to time during the term of this
11 Contract and renewals thereof add to and/or delete from said
12 permissible uses of the subject property. If any use otherwise
13 permissible hereunder is not permissible under any planning or
14 zoning restrictions now or hereafter applicable to any of the
15 property then it shall likewise be deemed not legally available
16 to OWNER by the provisions of this Contract and if any use is
17 permissible under any such planning or zoning provision but is
18 not determined as set forth above to be compatible with the
19 agricultural use of land within this preserve and subject to
20 contract, then it shall not be deemed legally available to OWNER
21 hereunder.

22 THIRD: EMINENT DOMAIN. When any action in eminent domain
23 for the condemnation of the fee title of an entire parcel of land
24 subject to a contract is filed or when such land is acquired in
25 lieu of eminent domain for a public improvement by a public
26 agency or a person or whenever there is any such action or

1 acquisition by the Federal government or any person, instrumen-
2 tality, or agency acting under authority or power of the Federal
3 Government, such contract shall be deemed null and void as to the
4 land actually being condemned or so acquired as of the date the
5 action is filed, and for the purposes of establishing value of
6 such land the contract shall be deemed never to have existed.

7 Whenever such an action to condemn or acquire less than all
8 of a parcel of land subject to a contract is commenced, the
9 contract shall be deemed null and void as to the land actually
10 condemned or acquired and shall be disregarded in the valuation
11 process only as to the land actually being taken, unless the
12 remaining land subject to contract will be adversely affected by
13 the condemnation, in which case the value of that damage shall be
14 computed without regard to the contract.

15 The contract shall be null and void for all land actually
16 taken or acquired; provided, however, that should any such action
17 be dismissed, or should any interest be conveyed for non-public
18 use, the contract shall be reinstated as of the date the action
19 is dismissed or the conveyance is recorded.

20 FOURTH: TERM AND RENEWAL. The initial term of the Contract
21 shall be for ten (10) years, commencing as of the first day of
22 March next succeeding the date of approval of the Contract by the
23 Board of Supervisors of the County of Yolo, and shall terminate
24 on the last day of February of the tenth (10th) year thereafter.
25 The first day of March shall be deemed to be the "anniversary
26 date" of the Contract, and on the anniversary date of the

1 Contract a year shall be automatically added to the term unless
2 notice of non-renewal is given as herein provided. If either
3 OWNER or COUNTY desires in any year not to renew the Contract,
4 that party shall serve written notice of non-renewal of the
5 Contract upon the other party in advance of the anniversary date.
6 Unless such written notice is served by OWNER at least ninety
7 (90) days prior to the anniversary date or by COUNTY at least
8 sixty (60) days prior to renewal date, the Contract shall be
9 considered renewed as provided above. At any time prior to the
10 anniversary date either party may in writing withdraw its notice
11 of non-renewal. Upon request by the OWNER, this Board of
12 Supervisors may authorize OWNER to serve notice of non-renewal on
13 a portion of the land under contract.

14 FIFTH: NO PUBLIC FUNDS. The OWNER understands that he is
15 not entitled to any public funds by reason of the execution of
16 the Contract or any renewal thereof although the use of the
17 subject property is limited as aforesaid.

18 SIXTH: TERMINATION. Subject to the procedural conditions
19 contained herein, OWNER may elect to terminate the Contract
20 without penalty when one of the following circumstances is found
21 to exist:

- 22 (a) The laws of California cease to implement Article
23 XXVIII of the State Constitution in a manner provid-
24 ing benefits and restrictions substantially similar
25 to those embodied in Article 1.5 (commencing with
26 Section 421) of Chapter 3 of Part 2 of Division 1 of

1 the Revenue and Taxation Code. To be substantially
2 similar, it is hereby agreed that said implementing
3 measures must include provisions for a land valuation
4 system basing value of the land on those uses legally
5 available to OWNER as the basis for assessment, and
6 must not require that OWNER permit entry of the
7 public on subject property.

8 (b) Future conservation or agricultural legislation
9 achieving a substantially similar public benefit is
10 enacted by the California Legislature and is applied
11 to subject property.

12 (c) The real property tax is abolished as a source of
13 revenue.

14 The following procedures shall be followed to elect the
15 termination of the Contract:

16 (a) Written notice of the election to terminate the
17 Contract shall be given the Board of Supervisors of
18 Yolo County by OWNER.

19 (b) The Board of Supervisors shall have thirty (30)
20 calendar days to review the proposal and the informa-
21 tion submitted in support thereof.

22 (c) If the Board does not act within said thirty (30)
23 days to set a hearing within an additional thirty
24 (30) days, it shall effect the termination by record-
25 ing a notice of termination with the County Recorder
26 and filing a copy thereof with the State Department

1 of Agriculture. If the Board so sets a hearing, it
2 shall give notice to OWNER and shall consider the
3 election to terminate in the same manner as it would
4 a request for cancellation as provided in Section
5 SEVENTH of the Contract.

6 SEVENTH: CANCELLATION. The Contract may not be cancelled in
7 whole or in part except pursuant to a request by OWNER as
8 provided herein.

9 (a) The Board of Supervisors of COUNTY may approve the
10 cancellation of the Contract only if it finds that
11 cancellation is not inconsistent with the purposes of
12 the California Land Conservation Act and is in the
13 public interest. The existence of an opportunity for
14 another use of the land involved shall not be
15 sufficient reason for the cancellation of the Con-
16 tract. A potential alternative use of the land may be
17 considered only if there is no proximate land not
18 subject to a Land Use Contract pursuant to the
19 Williamson Act suitable for the use to which it is
20 proposed the subject property be put. The uneconomic
21 character of an existing agricultural use shall
22 likewise not be sufficient reason for cancellation of
23 the Contract. The uneconomic character of an existing
24 use may be considered only if there is no other
25 reasonable or comparable agricultural use to which
26 the land may be put.

1 (b) Prior to any action by the Board of Supervisors
2 giving tentative approval to the cancellation of any
3 contract, the County Assessor shall determine the
4 full cash value of the land as though it were free of
5 contractual restriction. The Assessor shall multiply
6 such value by the most recent County ratio announced
7 pursuant to Section 401 of the Revenue and Taxation
8 Code and shall certify the product to the Board of
9 Supervisors as the cancellation valuation for the
10 purpose of determining the cancellation fee.

11 (c) Prior to giving tentative approval to the cancella-
12 tion of the Contract, the Board of Supervisors shall
13 determine and certify to the County Auditor the
14 amount of the cancellation fee which OWNER must pay
15 to the County Treasurer as deferred taxes upon cancel-
16 lation. That fee shall be an amount equal to 50% of
17 the cancellation valuation of the property; provided,
18 however, if after the date the contract was initially
19 entered into, the publicly announced County ratio of
20 assessed value to full cash value is changed, the
21 percentage payment in this subdivision shall be
22 changed so no greater percentage of full cash value
23 will be paid than would have been paid had there been
24 no change in ratio.

25 (d) If the Board of Supervisors finds that it is in the
26 public interest to do so, it may waive any such

1 payment or any portion thereof, or may make such
2 payment or a portion thereof contingent upon the
3 future use of the land and its economic return to
4 owner for a period of time not to exceed the
5 unexpired term of the Contract had it not been
6 cancelled, provided:

7 1) The cancellation is caused by an involuntary
8 transfer or change in the use which may be made
9 of the land, and the land is not immediately
10 suitable, nor will be immediately used, for a
11 purpose which produces a greater economic re-
12 turn to OWNER; and

13 2) The Board of Supervisors has determined it is
14 in the best interest of the program to conserve
15 agricultural land use that such payment be
16 either deferred or not required.

17 (e) When the deferred taxes required by this section are
18 collected, the County Treasurer shall distribute the
19 taxes in accordance with the provisions of Government
20 Code Section 51283(d).

21 (f) Upon tentative approval of the cancellation petition,
22 the Clerk of the Board of Supervisors shall record in
23 the Office of the County Recorder a certification
24 which shall set forth the name of the owner of such
25 land at the time the contract was cancelled with the
26 amount of the cancellation fee certified by the Board

1 of Supervisors as being due pursuant to this section,
2 the contingency of any waiver or deferrment of
3 payments, and a legal description of the property.
4 From the date of recording of such certificate the
5 Contract shall be finally cancelled and, to the
6 extent the cancellation fee has not yet been paid, a
7 lien shall be created and attached against the real
8 property described therein and any other real pro-
9 perty owned by the person named therein as the owner
10 and located within the County of Yolo. Such lien
11 shall have the force, effect, and priority of a
12 judgment lien. Nothing in this section shall preclude
13 the Board of Supervisors from requiring payment in
14 full of the cancellation fee prior to the cancella-
15 tion becoming effective.

16 (g) In no case shall the cancellation of a Contract be
17 final until the notice of cancellation is actually
18 recorded as provided herein. Notwithstanding any
19 provisions of the Revenue and Taxation Code, any
20 payments required by this section shall not create
21 nor impose a lien or charge on the land as to which a
22 contract is cancelled except as herein provided.

23 (h) Upon the payment of the cancellation fee or any
24 portion thereof, the Clerk of the Board of Supervi-
25 sors shall record with the County Recorder a written
26 certificate of the release in whole or in part of the

1 lien.

2 (ii) No tentative approval of cancellation may be given
3 until after the Board of Supervisors has caused
4 notice to be given of and has held a public hearing
5 on the matter. Notice of hearing shall be mailed to
6 each and every owner of property under contract
7 within this agricultural preserve and shall be pub-
8 lished pursuant to Section 6061 of the Government
9 Code. The owner of any property located in the County
10 of Yolo may protest such cancellation; however, such
11 protest shall be advisory only and shall not be
12 binding upon the Board of Supervisors.

13 EIGHTH: DIVISION OF SUBJECT PROPERTY. In the event the
14 subject property of the Contract is divided, a Contract identical
15 to the Contract then covering the original parcel shall be
16 executed by OWNER on each parcel created by the division at the
17 time of the division. Any agency making an order of division or
18 COUNTY which has jurisdiction shall require, as a condition of
19 approval of the division, the execution of the Contracts provided
20 for in this paragraph.

21 NINTH: EXCLUSION OF LAND FROM PRESERVE. Removal of any land
22 under the Contract from an agricultural preserve either by change
23 of boundaries of the preserve or disestablishment of the preserve
24 shall be the equivalent of a notice of non-renewal by COUNTY.

25 TENTH: SUCCESSORS IN INTEREST. The Contract shall run with
26 the land described in it and shall be binding upon the heirs,

1 successors, and assigns of the OWNER and COUNTY.

2 8. The uses determined by COUNTY to be agricultural uses and
3 uses compatible with the agricultural use of the land within the
4 preserve and subject to contract are as follows:

7 tural buildings and structures and such uses

5 preserve.

10 on actions by County of Yolo against subgrantee arising out of subgrantee's
11 performance or non-performance of and compliance with the terms of this

- (2) If SUBGRANTEE shall violate any of the covenants or stipulations of this Agreement.
- (3) If the grant from the U. S. Department of Labor under which this Agreement is made is terminated.
- (4) If SUBGRANTEE is unable or unwilling to comply with such additional conditions as may be lawfully applied by the U. S. Department of Labor to the grant under which this Agreement is made. SUBGRANTEE shall not be relieved of liability to PRIME SPONSOR for damages sustained by PRIME SPONSOR by virtue of any breach of the Agreement by SUBGRANTEE and PRIME SPONSOR may withhold any reimbursement to SUBGRANTEE for the purpose of setoff until such time as the exact amount of damages due PRIME SPONSOR from SUBGRANTEE is agreed upon or otherwise determined.

Either party may terminate this SUBGRANT at any time by giving written notice to the other party of such termination and specifying the effective date thereof, at least 30 days before the effective date of such termination. If the SUBGRANT is terminated as provided herein, SUBGRANTEE will be paid an amount which bears the same ratio to the total compensation as the service actually performed bears to the total services of SUBGRANTEE covered by this SUBGRANT, less payments of compensation previously made.

9. Severability of Provisions

If any provisions of this SUBGRANT are held invalid, the remainder of this SUBGRANT shall not be affected thereby, if such remainder would then continue to conform to terms and requirements of applicable law.

SUBGRANTEE shall indemnify and hold harmless and defend PRIME SPONSOR, its officers, employees and agents from and against all claims, losses, liabilities, or damages including attorney fees, arising out of or resulting from the performance of this Agreement, caused in whole or in part by any negligent act or omission of SUBGRANTEE or anyone directly or indirectly employed by SUBGRANTEE, regardless of whether or not it is caused in part by a party indemnified hereunder.

11. Legal Relationship

- (a) It is herein understood and agreed that SUBGRANTEE is an independent contractor and that no relationship of employer-employee exists between the parties hereto. That SUBGRANTEE shall not be entitled to any benefits available to employees of PRIME SPONSOR. That PRIME SPONSOR is not required to make any deductions from the compensation payable to SUBGRANTEE under the provision of this Agreement; that as an independent contractor, SUBGRANTEE thereby holds PRIME SPONSOR harmless from any and all claims that may be made against PRIME SPONSOR based upon any contention by any third party that an employer-employee relationship exists by reason of this Agreement.
- (b) It is further understood and agreed by the parties hereto that SUBGRANTEE in the performance of its obligations hereunder is subject to the control or direction of PRIME SPONSOR merely as to the result to be accomplished by the services herein agreed to be rendered and performed and not as to the means and methods for accomplishing the result.

1 supervision and control of said SUBGRANTEE. All terms of employment
2 of said persons, including hours, wages, working conditions, disci-
3 pline, hiring and discharging or any other terms of employment or
4 requirements of law, shall be made by said SUBGRANTEE, and PRIME
5 SPONSOR shall have no right or authority over said persons or the
6 terms of such employment, except as required by CETA or regulations
7 promulgated thereunder.

8 (d) SUBGRANTEE, as an independent employer, shall be liable and hereby
9 expressly assumes and accepts exclusive liability as an employer under
10 the Federal Insurance Contributions Act, the Federal Unemployment
11 Tax Act, Federal Social Security Acts, the Unemployment Compensation
12 Act, or any other Federal or State laws or acts which in any way
13 affect or relate to the relationship of employer and employee, and
14 shall be liable for any Social Security, Unemployment Compensation
15 or other taxes or penalties arising or levied by reason of the
16 employment of such persons employed by it. PRIME SPONSOR shall not
17 be liable for any worker's compensation or other benefits accruing
18 under any Federal or State law or acts to any persons employed by
19 the said SUBGRANTEE under this Agreement, but such liability, if
20 any, shall be exclusively that of SUBGRANTEE.

22 Upon written notification by PRIME SPONSOR, SUBGRANTEE shall be respon-
23 sible for filing monthly reports with PRIME SPONSOR. Each report shall
24 be made on forms approved by PRIME SPONSOR and shall contain all data
25 and information concerning both quality and quantity of program perfor-
26 mance required by PRIME SPONSOR. Each report shall set forth the extent
27 to which the Program Performance Goals have been met and shall explain
28 in detail the reasons any such plans have not been met. Each report shall

1 set forth the extent expenditures exceed a prorata portion of the entire
2 budget category for the term of this program and shall explain in detail
3 the reasons for such excess.

4 13. Procedures for Corrective Action

- 5 (a) Whenever the PRIME SPONSOR determines in the manner set forth herein
6 that SUBGRANTEE has failed to comply with any provision of this
7 SUBGRANT, the PRIME SPONSOR may order corrective action.

9 a written notice setting forth the nature of SUBGRANTEE's non-
10 compliance and a procedure whereby SUBGRANTEE and its officers or

15 forth specific directions for corrective action and a detailed
16 timetable for implementing the specific directions for reporting to
17 PRIME SPONSOR as to implementation. The order shall be served on
18 SUBGRANTEE.
- 19 (d) If SUBGRANTEE shall fail to implement an order for corrective action,
20 or if it shall fail to do so within the timetable set for implemen-
21 tation, the PRIME SPONSOR may recommend that the Governing Body
22 suspend payments hereunder or terminate this SUBGRANT.
- 23 (e) If SUBGRANTEE shall fail to comply with the administrative require-
24 ments of this SUBGRANT, such as those requiring the timely submission
25 of all periodic reports, and if such failure shall not be suggestive
26 of other apparent misfeasance, malfeasance, or nonfeasance, the
27 PRIME SPONSOR shall be empowered, without consultation with the
28 Governing Body, to suspend or delay any and all payments under this

1 SUBGRANT until such failure is rectified.

2 14. Property

Affirmative Action Policy

It is the policy of the County of Yolo Employment and Training Administration (YCETA) to provide equal opportunity and employment for all persons employed in or participating in its programs on the basis of merit and fitness; to prohibit discrimination based on age, sex, race, color, national origin, physical or mental handicap, religion, political affiliation, or beliefs; to provide promotional opportunities for all its employees and to achieve, insofar as possible by affirmative action, a work force in which there are represented the diverse cultural groups formed within the Yolo County area.

The Yolo County Board of Supervisors, the governing body of the County of Yolo Employment and Training Administration, in accordance with the President's Executive Order 11246 (as amended by 11375), Title VI of the Civil Rights Act of 1964 (as amended by the Equal Opportunity Act of 1972) and Revised Order #4 of the Federal Register, is committed to the implementation of the County of Yolo Employment and Training Administration Affirmative Action Program for persons employed in or participating in its programs.

In order to insure compliance with equal employment opportunity laws and the County of Yolo Employment and Training Administration policy, a formal Affirmative Action Program for persons employed in or participating in YCETA programs has been developed for immediate implementation. Specific actions required by this plan will include:

- A. Employment of minorities and women employees at all levels in YCETA by implementing programs for recruiting, selecting, hiring and promoting individuals of such groups.
- B. Establish a monitoring system of all employment practices related to the employment of women and minorities.
- C. Establish specific goals, timetables and records for measuring success or failure in complying with laws of nondiscrimination.
- D. Insure that all employees have equal opportunities and equal treatment.
- E. Insure that disciplinary action be taken in instances where individuals give inadequate cooperation or obstruct the goals of the program.
- F. Post this policy statement in minority communities and utilize minority and female-oriented news media to maintain communication regarding equal employment opportunity.

Responsibility for the administration of the Affirmative Action Program has been delegated to the County Administrative Officer, with the support of the Yolo County Board of Supervisors.

All managerial personnel of the County of Yolo Employment and Training Administration are expected to commit themselves to the accomplishment of the goals of this program.

Except as provided herein, this policy shall be applied to all employees, or applicants for employment under CETA. The County of Yolo is bound by the provisions of a Consent Decree entered in Mexican American Concilio, Inc., et al. vs. County of Yolo, United States District Court of the Eastern District of California No. CIV S74-371 TJM and various orders issued therein and by the County of Yolo Affirmative Action Plan and goals and timetables approved by the Court therein. Absent approval of the Court, nothing in this policy shall require the County of Yolo or its County of Yolo Employment and Training Administration to take any action in violation of any order issued therein. This shall not prevent the County of Yolo Employment and Training Administration from adopting and implementing policies, standards, and programs in excess of minimum requirements imposed by any such order; and the choice of YCETA to do so shall not be deemed to be an admission in any matter in connection with the Mexican American Concilio, Inc. litigation.

STATEMENT OF WORK TO BE PERFORMED:

DAVIS JOINT UNIFIED SCHOOL DISTRICT Title IIB Inschool Youth Program

This District has identified a target group which can benefit from the services available through Title IIB funds. They are Educationally Handicapped students, ages 14-18. Below is an explanation of each of their needs.

During the 1979-80 school year this District was funded under P.L. 94-142 to develop a curriculum in Career Education for Handicapped students, Grades 7-12. The product of this project was a 596 page Curriculum Guide (A copy is available in the District Office. The Table of Contents can be found in Appendix A), media materials and equipment which are keyed for use in the Guide, and the beginning of classroom instruction by project personnel.

While the program is well-designed for delivery by the classroom teacher, it felt that to be truly effective the teacher does need help to work with students in depth on a one-to-one basis and to plan and implement off-campus activities. Therefore, a large part of this project effort will be to employ an Instructional Aide to work with the teachers to conduct the program outlined in the Guide.

It is felt that a continuous effort in career planning and job search and performance techniques will better prepare these students for entry into our established YETP where they will be mainstreamed into the world of work through work experience.

PROGRAM APPROACH

A. Activities

Toward the end of the 1979-80 school year P. L. 94-142 Project Personnel submitted a set of recommendations for activities they felt would be appropriate for a follow-up with CETA funding. A copy of these recommendations can be found in Appendix B.

Prior to the beginning of the Spring semester, 1981 a person will be employed as an Instructional Aide Specialist to prepare a plan with the five Special Education teachers to implement the curriculum suggested in the Guide and the ideas presented in Appendix B. During these pre-program activities the Instructional Aide Specialist will discuss individual student special needs with the teachers.

B. Academic Credit

The structure of the services to be offered to these students is such that it cannot be determined in advance exactly how much time will be devoted to program activities by each student; therefore, credit will have to be allowed on a variable basis to be determined by the classroom teacher and the IAS. It is the intent to devise a practical plan to allow credit.

RESOLUTION APPROVING REPORT AND ASSESSMENT
AND ORDERING IMPROVEMENT

JAN 12 1981

ASSESSMENT DISTRICT NO. 117,
BRYTE ASSESSMENT DISTRICT NO. 1

PETER McNAMEE, Clerk
By *[Signature]*
DEPUTY

The Board of Supervisors of the County of Yolo resolves:

This Board has taken a series of actions preliminary to ordering the improvement in Assessment District No. 117, Bryte Assessment District No. 1, and now makes the following findings and orders:

1. The Board of Supervisors adopted a map showing the boundaries of the land benefited by the proposed improvement. A copy of the boundary map was filed in the office of the County Recorder of the County of Yolo in the Book of Maps of Assessment Districts.
2. The Board adopted its Resolution of Intention, as amended, to order the improvement described therein under the Municipal Improvement Act of 1913, and directed the Director of Public Works, as the Engineer of Work for the assessment district, to prepare the report required by Section 10204 of the Street and Highways Code. The Resolution of Intention was later amended. The improvement is generally described as follows:

Harbor Blvd. (aka SH 16)
Sunset Ave. (aka SH 16)
Sacramento Ave. (aka SH 16)
Hobson Avenue
Short Street
Water Street
Solano Street
Yolo Street
Bryte Avenue

Smilax Avenue
Myrtle Avenue
Jasmine Avenue
Todhunter Avenue
Anna Street
Lisbon Avenue
Carrie Street
Riverbank Road

within and adjacent to those lands shown within the boundaries shown on the map entitled "Proposed Boundaries of Assessment District No. 117, Bryte Assessment District No. 1, Yolo County, California." and also any streets or easements adjacent to said real property that you deem necessary in order to carry out a complete plan of improvement by constructing:

ORIGINAL

concrete curbs, gutters, driveway aprons, pavement consisting of asphaltic concrete surfacing, drainage facilities and all necessary appurtenances for the above described improvements, and by removing and replacing existing facilities including curbs, gutters and/or sidewalks, and by removing and disposing of all refuse and surplus materials.

3. The Engineer of Work filed the report as directed, and the Board of Supervisors called a hearing on the report as required by Section 10301 of the Streets and Highways Code. Notice of the hearing was given by publication, by street posting and by mailing to affected property owners, all according to the Municipal Improvement Act of 1913. Affidavits of publication, posting and mailing were filed with the County Clerk.

4. At the time and place for which notice was given the Board conducted a public hearing and gave every interested person an opportunity to object to the proposed improvement, the extent of the assessment district, or the proposed assessment. Following the hearing, at the direction of the Board of Supervisors, the Engineer of Work filed an amended report reflecting various changes in the work and the lowest construction bid received on October 16, 1980.

5. The Board of Supervisors called a hearing on the increased assessments. Notice of the hearing was given by publication and mailing and affidavits were filed with the County Clerk.

6. At the time and place for which notice was given, the Board conducted a public hearing and gave every interested person an opportunity to object to the revised assessment.

7. The Board of Supervisors finds that written protests against the proposed improvement or the increased assessment have not been made by owners representing more than one-half of the area of the land to be assessed for the improvement.

8. The documents and event described in paragraph 1 to 6, inclusive, are stated here in tabular form, with their dates and, where appropriate, their numbers. All documents are now on file with the County Clerk.

9. The Board of Supervisors approves the Amended Engineer's Report and each component part of it, including each exhibit incorporated by reference in the report.

10. The Board finds that the Engineer of Work, in the Amended Report, has fairly and properly apportioned the cost of the improvement to each parcel of land in the assessment district in proportion to the estimated benefits to be received by each parcel, respectively, from the improvement. The Board hereby confirms and levies each individual assessment as stated in the Amended Engineer's Report.

11. This Board orders the improvement described in paragraph 2 and as detailed in the Amended Engineer's Report.

12. Serial bonds representing unpaid assessment, and bearing interest at a rate not to exceed ten percent (10%) per annum will be issued in the manner provided by the Improvement Bond Act of 1915 (Division 10, Streets and Highways Code), and the last installment of

the bonds shall mature twenty-four years from the second day of July next succeeding ten (10) months from their date.

13. According to Section 10603 of the Streets and Highways Code, the Board of Supervisors designates the County Treasurer to collect and receive payment of the assessments.

BRYTE ASSESSMENT DISTRICT NO. 1

JAN 12 1981

PETER McNAMEE, Clerk
By Pat E. Lucas
DEPUTY

The Board of Supervisors of the County of Yolo resolves:

1. There is hereby created a special fund to be designated Special Reserve Fund, Assessment District No. 117, Bryte Assessment District No. 1, County of Yolo, California.
2. Out of the proceeds of the sale of improvement bonds to represent unpaid assessments in Assessment District No. 117, Bryte Assessment District No. 1, there shall be deposited in the special reserve fund the amount designated for this purpose in the report required by Section 10204 of the Streets and Highways Code and approved by this Board of Supervisors, reduced by an amount which bears the same ratio to the amount set forth in the report as the amount of assessments paid in cash bears to the total amount of assessments.
3. During the term of the improvement bonds, the money in the special reserve fund shall be available for transfer into the redemption fund for the bonds pursuant to Section 8808 of the Streets and Highways Code. The amount so advanced shall be reimbursed to the special reserve fund from the proceeds of redemption or sale of the parcel for which payment of delinquent assessment installments was made from the special reserve fund.
4. If any assessment is prepaid prior to the final maturity of the bonds, the amount of principal which the assessee is required to prepay shall be reduced by an amount which is in the same ratio to the original amount of the special reserve fund, together with accrued

interest, as the original amount of the prepaid assessment bears to the total amount of assessments originally levied in Assessment District No. 117, Bryte Assessment District No. 1. The reduction in the amount of principal prepaid shall be compensated for by a transfer from the special reserve fund to the redemption fund for the bonds of a like amount.

5. In order to prevent the reserve fund from exceeding the reserve limitations set by federal statute and regulation, the County Treasurer is hereby authorized and directed to make transfers of accrued interest from the reserve fund to the bond redemption fund from time to time, and to establish pro rata credits against annual installments of assessment principal and interest in a like amount in the year following the year of transfer.

6. When the amount in the special reserve fund equals or exceeds the amount required to retire the remaining unmatured bonds (whether by advance retirement or otherwise), the amount of the special reserve fund shall be transferred to the redemption fund for the bonds, and the remaining installments of principal and interest not yet due from assessed property owners shall be cancelled without payment.

10 on actions by County of Yolo against subgrantee arising out of subgrantee's

26 PRIME SPONSOR may terminate the SUBGRANT in the following instances
27 by giving written notice to the SUBGRANTEE at least five (5) days
28 prior to the effective termination date stated in the notice:

- (1) If through any cause SUBGRANTEE shall fail to fulfill in timely and proper manner its obligations under this Agreement.
- (2) If SUBGRANTEE shall violate any of the covenants or stipulations of this Agreement.
- (3) If the grant from the U. S. Department of Labor under which this Agreement is made is terminated.
- (4) If SUBGRANTEE is unable or unwilling to comply with such additional conditions as may be lawfully applied by the U. S. Department of Labor to the grant under which this Agreement is made. SUBGRANTEE shall not be relieved of liability to PRIME SPONSOR for damages sustained by PRIME SPONSOR by virtue of any breach of the Agreement by SUBGRANTEE and PRIME SPONSOR may withhold any reimbursement to SUBGRANTEE for the purpose of setoff until such time as the exact amount of damages due PRIME SPONSOR from SUBGRANTEE is agreed upon or otherwise determined.

(b) Without Cause

Either party may terminate this SUBGRANT at any time by giving written notice to the other party of such termination and specifying the effective date thereof, at least 30 days before the effective date of such termination. If the SUBGRANT is terminated as provided herein, SUBGRANTEE will be paid an amount which the same ratio to the total compensation as the service actually performed bears to the total services of SUBGRANTEE covered by this SUBGRANT, less payments of compensation previously made.

9. Severability of Provisions

If any provisions of this SUBGRANT are held invalid, the remainder of this SUBGRANT shall not be affected thereby, if such remainder would then continue to conform to terms and requirements of applicable law.

10. Hold Harmless Clause

SUBGRANTEE shall indemnify and hold harmless and defend PRIME SPONSOR, its officers, employees and agents from and against all claims, losses, liabilities, or damages including attorney fees, arising out of or resulting from the performance of this Agreement, caused in whole or in part by any negligent act or omission of SUBGRANTEE or anyone directly or indirectly employed by SUBGRANTEE, regardless of whether or not it is caused in part by a party indemnified hereunder.

11. Legal Relationship

(a) It is herein understood and agreed that SUBGRANTEE is an independent contractor and that no relationship of employer-employee exists between the parties hereto. That SUBGRANTEE shall not be entitled to any benefits available to employees of PRIME SPONSOR. That PRIME SPONSOR is not required to make any deductions from the compensation payable to SUBGRANTEE under the provision of this Agreement; that as an independent contractor, SUBGRANTEE thereby holds PRIME SPONSOR harmless from any and all claims that may be made against PRIME SPONSOR based upon any contention by any third party that an employer-employee relationship exists by reason of this Agreement.

(b) It is further understood and agreed by the parties hereto that SUBGRANTEE in the performance of its obligations hereunder is subject to the control or direction of PRIME SPONSOR merely as to the result to be accomplished by the services herein agreed to be rendered and performed and not as to the means and methods for accomplishing the result.

(c) If, in the performance of this Agreement, any third persons are employed as employees of SUBGRANTEE, such person shall be employed by and shall be entirely and exclusively under direction,

1 supervision and control of said SUBGRANTEE. All terms of employment
2 of said persons, including hours, wages, working conditions, disci-
3 pline, hiring and discharging or any other terms of employment or
4 requirements of law, shall be made by said SUBGRANTEE, and PRIME
5 SPONSOR shall have no right or authority over said persons or the
6 terms of such employment, except as required by CETA or regulations
7 promulgated thereunder.

- 8 (d) SUBGRANTEE, as an independent employer, shall be liable and hereby
9 expressly assumes and accepts exclusive liability as an employer under
10 the Federal Insurance Contributions Act, the Federal Unemployment
11 Tax Act, Federal Social Security Acts, the Unemployment Compensation
12 Act, or any other Federal or State laws or acts which in any way
13 affect or relate to the relationship of employer and employee, and
14 shall be liable for any Social Security, Unemployment Compensation
15 or other taxes or penalties arising or levied by reason of the
16 employment of such persons employed by it. PRIME SPONSOR shall not
17 be liable for any worker's compensation or other benefits accruing
18 under any Federal or State law or acts to any persons employed by
19 the said SUBGRANTEE under this Agreement, but such liability, if
20 any, shall be exclusively that of SUBGRANTEE.

21 12. Monthly Report

22 Upon written notification by PRIME SPONSOR, SUBGRANTEE shall be respon-
23 sible for filing monthly reports with PRIME SPONSOR. Each report shall
24 be made on forms approved by PRIME SPONSOR and shall contain all data
25 and information concerning both quality and quantity of program perfor-
26 mance required by PRIME SPONSOR. Each report shall set forth the extent
27 to which the Program Performance Goals have been met and shall explain
28 in detail the reasons any such plans have not been met. Each report shall

1 set forth the extent expenditures exceed a prorata portion of the entire
2 budget category for the term of this program and shall explain in detail
3 the reasons for such excess.

4 13. Procedures for Corrective Action

- 5 (a) Whenever the PRIME SPONSOR determines in the manner set forth herein
6 that SUBGRANTEE has failed to comply with any provision of this
7 SUBGRANT, the PRIME SPONSOR may order corrective action.
- 8 (b) Before making such an order, the PRIME SPONSOR shall give SUBGRANTEE
9 a written notice setting forth the nature of SUBGRANTEE's non-
10 compliance and a procedure whereby SUBGRANTEE and its officers or
11 responsible employees may have an opportunity to meet with the PRIME
12 SPONSOR for the purposes of considering the need for and nature of
13 corrective action.
- 14 (c) An order for corrective action shall be in writing and shall set
15 forth specific directions for corrective action and a detailed
16 timetable for implementing the specific directions for reporting to
17 PRIME SPONSOR as to implementation. The order shall be served on
18 SUBGRANTEE.
- 19 (d) If SUBGRANTEE shall fail to implement an order for corrective action,
20 or if it shall fail to do so within the timetable set for implemen-
21 tation, the PRIME SPONSOR may recommend that the Governing Body
22 suspend payments hereunder or terminate this SUBGRANT.
- 23 (e) If SUBGRANTEE shall fail to comply with the administrative require-
24 ments of this SUBGRANT, such as those requiring the timely submission
25 of all periodic reports, and if such failure shall not be suggestive
26 of other apparent misfeasance, malfeasance, or nonfeasance, the
27 PRIME SPONSOR shall be empowered, without consultation with the
28 Governing Body, to suspend or delay any and all payments under this

1 SUBGRANT until such failure is rectified.

2 14. Property

- 3 (a) Any property acquired by SUBGRANTEE pursuant to this Agreement shall
4 be governed by the provisions of 41 CFR 29-70.215 and SUBGRANTEE

26 tinued beyond the expiration date of this SUBGRANT, the conditions in
27 part (a) of this section shall apply.
- 28 -(c) SUBGRANTEE shall make quarterly reports on the expenditure of this

1 income on forms which indicate balance of program income carried

STATEMENT OF WORK TO BE PERFORMED

I. Davis Senior High School Component

A. Activities

The planned activities for this District's 1981 YETP program will be to continue the classroom training format presented in past programs which emphasized instruction in developing basic job search techniques, entry level job skills and career planning and decision making. In addition, this District will assume the role formally provided by MOVE, which was to establish work slots, supervise and evaluate students for the Work Experience component of the program.

Program planning, development and preparatory activities will begin in December, 1980. Student participation will begin and continue during the Spring, 1981 semester. It is expected that a summer program will be offered similar to that of the program operated during the summer of 1980, which emphasized broadening the student's knowledge of the working community through actual contact with persons working in business and industry.

Classroom Training

1. Project Discovery, a career education unit designed and revised by Davis personnel will continue to be used as a base for career education activities. It is designed to help students to examine their aptitudes, interests, values, life-styles, life goals, career interests and educational goals and match these to general and/or specific career goals.

Instructional methods include group discussion, guest speakers, field trips and use of a wide assortment of career-related A-V materials available in the Career Center at Davis High School.

Four career tests/surveys will be used to serve as a base for career exploration activities to take place in the Project Discovery unit. They are:

- a. The World of Work
- b. Hall Occupational Orientation Inventory
- c. California Occupational Preference Survey
- d. Coopersmith Self-Esteem Inventory

The Coopersmith Self-Esteem Inventory results will be used primarily by the person conducting the classroom training to identify student's self-esteem. Built into Project Discovery are activities related to building student's self-esteem and positive attitude toward the work ethic.

2. CCUBE (Common Core Units in Business Education) are used for the vocational skills training and job search techniques component. While some units involve group discussion and viewing of A-V materials, most units are individual learning activity packages designed to build competency in basic skills needed to acquire and hold an entry-level job. Some units are: Math, Oral Communication, Written Communication, Making Instructions Work, Telephone Techniques, Calculator Operation and Job Application.
3. It is anticipated that there will be students who were a part of the program during 1980 and who will re-enroll. Those students will confer with their Counselor and person in charge of the YETP instructional program and select electives from the regular Davis High School curriculum or ROP offerings and have these (two) courses identified as their classroom training component.

Work Experience

While this District has operated a Work Experience Program for many years, this will be the first year the District will provide the service of job placement, supervision and work-performance evaluation for YETP.

It will be the plan to assign the person performing the classroom instruction the additional responsibilities for the students' Work Experience. It is expected that the person to be assigned will have little experience in Work Experience; therefore, "lead time" will be provided to receive inservice from Manpower and the Davis Work Experience Department. Included in this lead time will be time to locate and establish job slots so students will be able to begin classroom instruction and Work Experience concurrently.

Returning students will have an advantage in job placement not only because of their experience, but because of their identified areas of career interests discovered in the 1980 program. Every effort will be made to secure a job slot for them that relates to their career interest.

It is hoped that enough job slots will be identified by the time the students enroll so that new students will have a choice of location. For most of the new students, this will be their first job; therefore, emphasis on the Work Experience will be on learning to perform in a working environment and coping with a life-style that includes work as part of a daily routine.

The person in charge of the instructional program and Work Experience will make a minimum of 3 visitations to job sites every nine weeks and discuss either in class or individually problems students have had on the job site.

B. Academic Credit

The YETP program will consist of 2 hours per day of classroom training and 2 hours per day of Work Experience. Successful completion of the semester's program will enable students to earn 20 credits toward graduation.

C. Coordination and Linkages

This District will coordinate with the Prime Sponsor in the following areas in the following ways:

1. Three weeks prior to the beginning of the YETP the YETP Coordinator employed under this project will begin recruitment activities, using Davis High School as a base of operation. The YETP Coordinator will be under the supervision of a certified secondary teacher/administrator who will be responsible for the overall operation of the program.

Recruitment activities will be similar to those of past years.

When the recruitment process begins the YETP Coordinator will contact the person identified by the Prime Sponsor and work with this person to identify and enroll eligible students from Davis High School, King Continuation High School and Handicapped students from Davis High School.

2. Built into the classroom training provided by Project Discovery has been time to discuss relevant matters related to the student's Work Experience. Now that the YETP Coordinator will have contact with students at both the classroom and job site, it is expected that discussions will be more relevant than in the past.

If it is found that a classroom activity not included in the regular format is needed by a student to increase his/her skills "on the job" an experience will be provided at school, if the opportunity is available.

3. It is the desire of this District to extend students' opportunities for working and learning into the Summer of 1981. Exactly how this will be done is not known at this time.
4. It must be understood that the Davis Community is somewhat limited in its ability to provide a wide range of job sites, e.g. there is virtually no heavy industry or manufacturing operations in Davis--which severely limits a VEP.

We are fortunate to be in close proximity to the University of California, Davis which can provide a number of job sites relating to service occupations.

This District has a "Career Van", a 7-passenger vehicle which is being used in the 1980 Summer YETP to transport students to Sacramento on field trips to business and industry employing personnel in occupations of interest to our students. In addition, the 1980 field trip program is including visitations to vocational programs offered by Community Colleges in the Davis-Sacramento area. It is expected that this program will be continued during the 1981 program.

It will be a major objective of this District's YETP to take advantage of all possible linkage with both the private and public sectors. At times linkages appear unexpectedly, e.g. in the Spring 1980 program the Bank of America offered a unit relating to banking (check writing, opening accounts, etc.). This led to a visitation to the local Bank of America where careers in banking were seen and discussed.

Knowledge Development

A. Academic Progress

Included in the CCUBE units to be used in this YETP program are units on Math, Spelling, Making Instructions Work (which requires careful reading and verbal explanations) and Written Communication. Most of these units have a pre and post test, and provide activities and instruction designed to improve skills in these areas.

B. Involvement Improvement

It has been the policy of this District's YETP that, "No school, no work". If a student does not attend school, but works on the same day, there will be no pay for either school or work on that day. Any irregular pattern of attendance at YETP or any regular school program results in dismissal from the program.

It has been found that strict adherence to a YETP attendance policy has positively affected students' overall attendance record at school and work.

A. Activities

Classroom training

Present King High graduation requirements include the completion of a unit in Career Education. The person employed is to be responsible for the instructional component of King High YETP reviews, the Career Education Unit materials and curriculum which are available and develop an adoptable written curriculum guide especially designed for use for students who are now or will be eligible for YETP. A King High Career Education Curriculum Guide will begin to be developed during the pre-program activities and completed by June 6, 1981. In the interim, King High School will be given at least career counseling by the person hired under the grant.

The goals which will be emphasized in the Curriculum Guide will be:

- 10th grade: Self Awareness, Attitude Development, Career Awareness
- 11th grade: Career Orientation, Career Exploration
- 12th grade: Career Preparation

This grade-level sequence is based on the assumption that King students arrive as sophomores and attend until graduation, King High, however, allows entry at any grade level, 10-12; therefore, a special unit will be prepared especially for juniors and seniors.

The Career Unit will be designed for YETP participants to spend 2 hours per week to complete the activities.

Work Experience

The Work Experience component of this project will be administrated in the same manner as previously described, with the exception that King High students will be provided with job slots for 4 hours per day, 5 days per week.

B. Academic Credit

King High students are now required to complete a Career Education unit for graduation. For this they receive 5 credits. It is expected that, depending on the acceptance and success by students and staff of the articulation plan that the requirement be increased or additional credits be allowed for students who elect to participate in more than one year of Career Education.
